

Department of  
**Environment &  
Conservation**

# **Tennessee Schools Lab Rehab Program**

## Post-Education Steps

# Next Steps

## 1. Schedule a disposal event

- Contact the Contractor via email or phone
- Request to be serviced through TSLRP
  - School name
  - School address
  - Contact representative
  - Email address
  - Potential dates in mind
  - General idea of your inventory

## 2. Prepare your detailed inventory

- Preliminary list of chemicals to dispose of (name, state, quantity)
- Photographs of chemicals
- Send list and photos to the Contractor via email

## 3. Be present during the disposal visit

# What materials does TSLRP accept for disposal?

## ACCEPTABLE MATERIALS

- Most liquid or solid hazardous waste
- Used oil
- Unknown chemicals
- Chemicals without labels
- Sharps

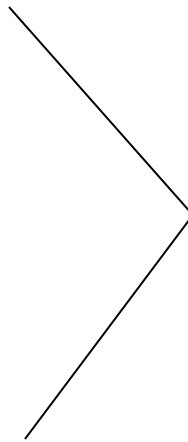

## UNACCEPTABLE MATERIALS

- Medications

# We recommend you dispose of...

## ACCEPTABLE MATERIALS

- Most liquid or solid hazardous waste
- Used oil
- Unknown chemicals
- Chemicals without labels
- Sharps

**Any duplicates?**

**Unused in the last 5 years?**

**Severely poisonous**

**Severely toxic**

**Severely corrosive**

**Strong oxidizer**

**Carcinogen**

**Strong stench**

**Poorly labeled**

**Broken or exposed container**

# But how can I dispose of this?

## UNACCEPTABLE MATERIALS (for TSLRP)

- Medications

[Find a Prescription Drug Take-Back Box](#)

# Disposal Tips

## Generator Status

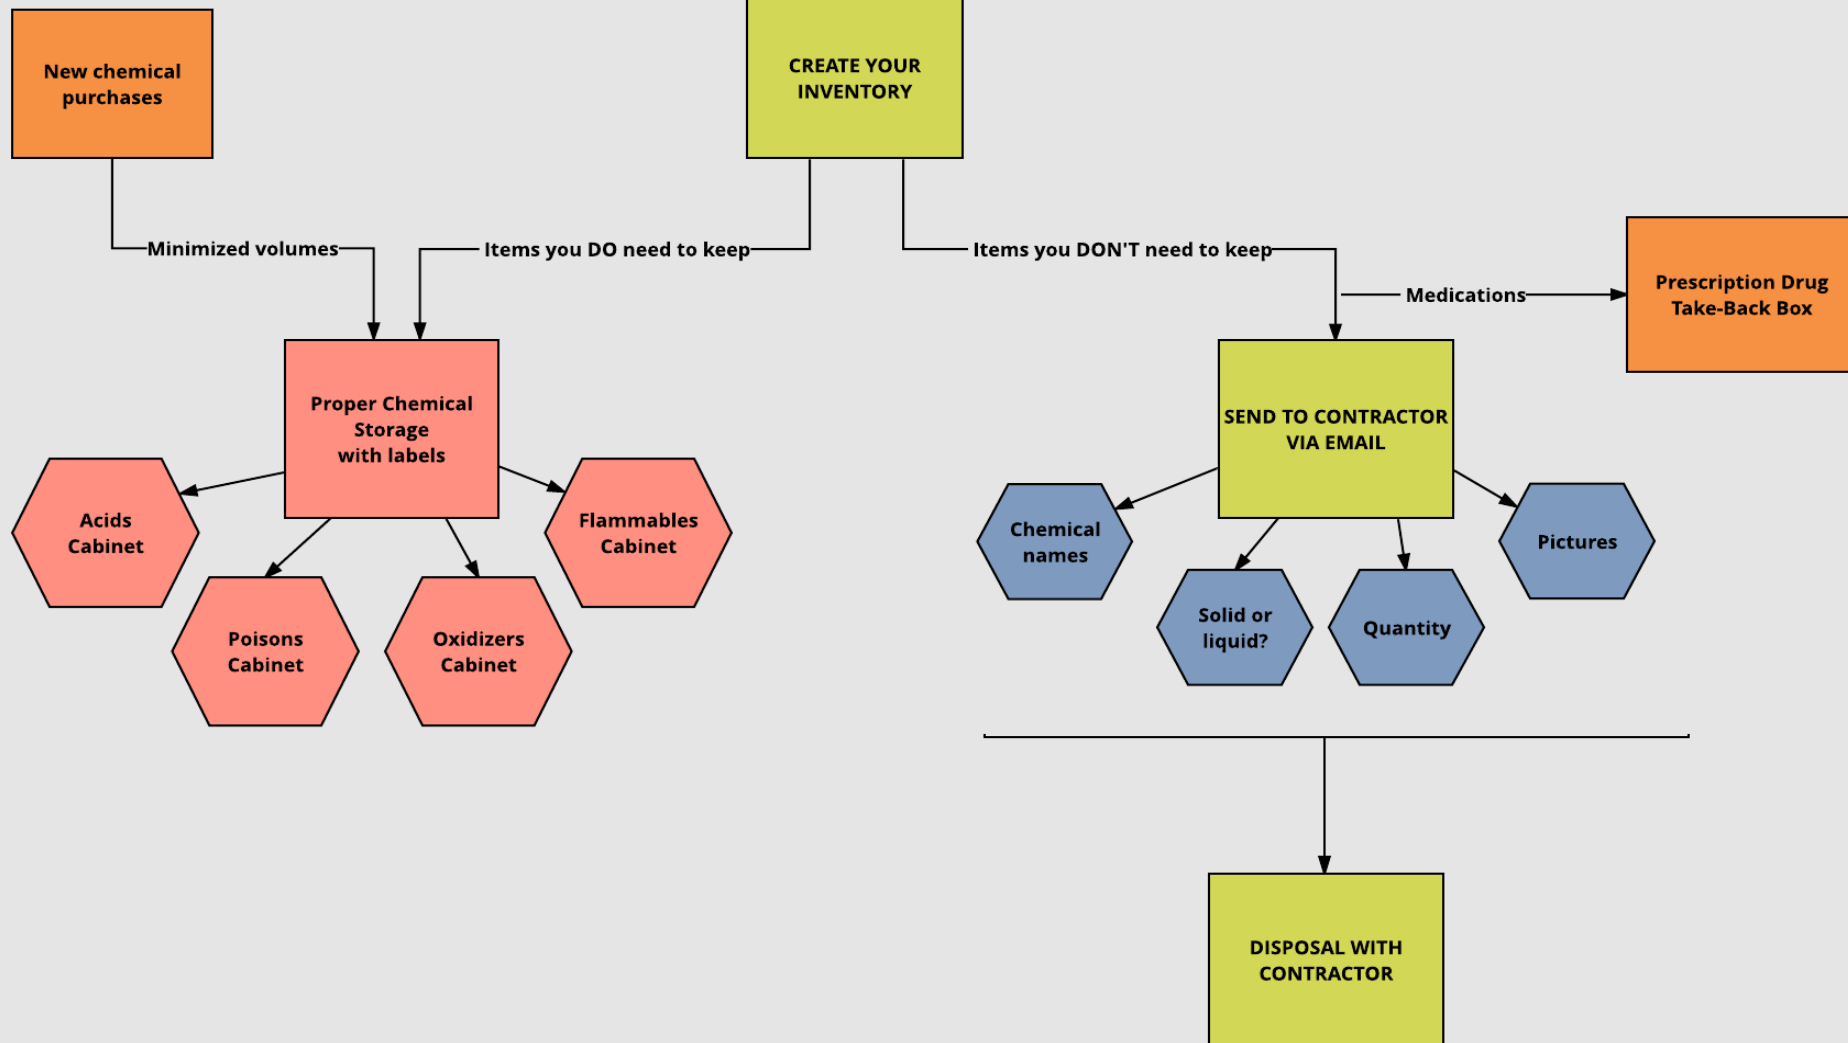

- EPA's categories of hazardous waste generators
  - Small Quantity Generator
    - Greater than 220 lbs. of hazardous waste per month
  - Large Quantity Generator
    - Greater than or equal to 2.2 lbs. of "P-listed" chemicals per month
      - Warfarin
      - Nicotine
      - Epinephrine

## Convenient access to chemicals for disposal

- Move chemicals to 1<sup>st</sup> floor if possible
